STRATFORD BUSINESS SERVICES (SBS) IS THE TRAINING ENTERPRISE DIVISION OF STRATFORD-UPON-AVON COLLEGE

Stratford-upon-Avon College is a Centre of Vocational Excellence in the Hospitality and Catering sector and is committed to the development and maintenance of the highest standards of good practice in all areas of business and to sharing these as widely as possible.

As a division of Stratford-upon-Avon College, Stratford Business Services shares the College's passion for excellence. Our approach focuses not only on the needs of our customers but also on relevant industry sector skills. We understand the market and the environment in which our customers operate and are dedicated to providing first-class training and advice.

Our mission is to provide our customers with the latest skills and techniques to enable them to develop their careers, staff or business. We work pro-actively with other providers, employers, young people, adults and stakeholders to achieve our and their goals and aspirations.

Stratford Business Services aims to provide a comprehensive service for business by offering a tailored service to meet individual requirements.

We currently offer the following services:

- Organisational needs analysis
- Information, advice and guidance
- Accredited and non-accredited short courses
- NVQs
- Apprenticeships
- Bespoke training programmes
- CPD management
- Opportunities to access funding to support and develop businesses

Come and talk to us where we can discuss our full range of services with you.

OUR COMMITMENT TO YOU:

Stratford Business Services strives to ensure;

Our training programmes meet individual and company requirements.

Our programmes are timely and flexible.

Our training is delivered and assessed by trainers with relevant industry experience.

Our training meets awarding body quality standards and results in certification.

Our training meets individual learning needs/styles. Additional support is available if required.

Our learning environment is healthy, safe and secure. Equality and diversity are also key considerations.

The provision of current, impartial information, advice and guidance on all aspects of training requirements.

Training needs are matched with available funding sources to offer the most economically effective solutions.

"I FELT CONFIDENT THAT MY ADVISOR WOULD OFFER SUPPORT AND ADVICE WHENEVER I NEEDED IT".
